

Curriculum Vitae

Mark William Braun

Medical Sciences Program
Room 206, Jordan Hall
Indiana University
Bloomington, IN 47405
(812) 855-3131 (office)
(812) 855-4436 (FAX)

Electronic Mail Address: braunm@indiana.edu

WWW Home Page: <http://bloomington.medicine.iu.edu/people/faculty/dr-mark-braun/>

EDUCATION:

B.S. Biology (Honors)
Purdue University, 1970

M.D. Indiana University, 1975

Pathology Residency: Ball Memorial Hospital
Muncie, Indiana, 1975-1978

M.A. Bioanthropology
Indiana, University, 1997

PROFESSIONAL SOCIETIES:

Fellow of College of American Pathologists
Member of American Society of Clinical Pathologists
Member of Indiana State Medical Association
Member of Indiana Association of Pathologists
American Association of Anthropology
Ethnohistory Society

BOARD CERTIFICATION:

American Board of Pathology: Board Certification in Anatomic and
Clinical Pathology

LICENSURE: Medical License, State of Indiana, 1975 to present

HOSPITAL APPOINTMENTS:

IU Health Bloomington Hospital, Bloomington, Indiana, Honorary Staff

ACADEMIC APPOINTMENTS:

Clinical Professor of Pathology, Indiana University School of Medicine

UNIVERSITY COMMITTEES

Academic Standards, Indiana University School of Medicine
Numerous IU Medical School Committees, IUPUI
Medical Education Curriculum Committee, Medical Sciences, Bloomington

COMMUNITY SERVICE:

Past Member of Monroe County United Ministries
Past Member and Co-Chairman of AIDS Advisory Committee to Monroe County Community School Corporation
Past Board Member of South Central Community Health Center

HONORS:

Recipient of Outstanding Instructor in Basic Sciences, Indiana University School of Medicine, Bloomington, Indiana, 1983, 1994, 1997, 1998, 1999, 2000, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2011, 2012, 2013 and 2014.

Recipient of Indiana University School of Medicine Scholar Educator Award, 2015

Recipient of Indiana University Trustees' Teaching Award, 2008 and 2011.

Recipient, Outstanding Teacher Award, Indiana University School of Optometry, 2008

Recipient of American Medical Association, Innovative Teaching Award, 1999

Elected to FACET, 2000

PRESENT TEACHING:

Instructor, Pathology C601-C602, Indiana University School of Medicine, Indiana University, Bloomington

Course Director, Mechanisms of Human Disease; The Plight of Native Americans and European Conquest, M470/M570, Indiana University, Bloomington

Sometimes presenter, M620, Pedagogical Methods in the health Sciences, Indiana University, Bloomington.

SPECIAL INTEREST IN EDUCATION:

I am interested in the application of computer technology to lecture, laboratory teaching and distance education. I have developed a World Wide Web site to augment the laboratory assignments in the two semester pathology course taken by all second year medical students at the Bloomington Medical Sciences Program. The web site consists of photomicrographs of practically every slide in the pathology study set. All photographs have been enhanced with on screen details and are accompanied by a brief description. Recently I have added a number of interactive case-based clinical exercises to this site. The cases include movies of patient interviews and require the student work through a patient evaluation and eventually diagnose the underlying problem. The importance of this site is that it not only represents photographs of basic pathological processes, but the pictures and clinical scenarios are from the very cases the students are required to study. The website also allows me to access photographs and movies during lecture or laboratory demonstrations, thereby incorporating examples of disease processes directly from the student's own study materials. The web site address is:

<http://medsci.indiana.edu/c602web/602/start.htm>

LANGUAGE AND SPECIAL SKILLS:

Reading Competence: French and German
HTML Programming Experience
Birch bark canoe and kayak builder

RESEARCH INTERESTS:

Impact of infectious diseases introduced by Europeans and Africans into Native American populations during the early period of colonization of the New World.

Effects of distance and mobile learning on undergraduate medical education.
